

ROBERT BATES HEALING

Free Workshops!

World Tai Chi and Qigong Day

www.funwithqigong.com

Saturday, April 25, is World Tai Chi and Qigong Day. I will offer two free Qigong workshops. These classes are part of a celebration of Tai Chi and Qigong. All around the world, practitioners of these two sibling arts will be practicing in community groups.

Everyone is Welcome

No experience is necessary to come. Beginners are welcome. Experienced students are welcome too. We want to build a big field of Qi we can all share in. This workshop will happen whatever the weather: sunshine, rain, or clouds. Of course, if it rains, we will go into the studio.

From the World Tai Chi and Qigong Day Website
"[This] annual event is both moving and inspiring, as people from over 65 nations in hundreds of cities, and all 50 US States, come together to wrap the world, in a global Tai Chi and Qigong movement."

"Our primary mission is personal and global health & healing. We work toward this goal by educating millions of the emerging medical research on Tai Chi and Qigong, explaining the nuances of Tai Chi & Qigong in plain language, and connecting people with local teachers."
